Sheds for Every Farmer

Central Vic Sheds supplies and installs a full range of hay sheds, storage sheds, machinery sheds, milking sheds, barns, workshops, and shearing sheds in standard sizes with a wide range of standard options.

But maybe you need an odd size or shape, unusual fixtures or are building your shed on difficult ground? You are in the right place; we are fully registered builders and can plan, design, and build a custom shed exactly to your specifications.

End-to-end project management and free consultation is just part of the service at Central Vic Sheds.

Workshop
48m x 18m x 5m
Glenburn

Machinery Shed
36m x 21m x 6m
Langley

Complete Planning and Design

We take the hassle out of building your shed. We handle building permits, terrain classifications and many other technical issues in designing you a fully-engineered plan that meets all of the local requirements.

Heavy Duty Frame with Stronger Connections

We use only heavy structural-grade Australian steel, and our fabrication carries a huge 5-year structural guarantee. With three frame types to choose from including UB/Gal web truss, RHS or Purlin frame, we top all of this off with more bolts per connection to finish your shed frame to solid Terrain CAT ratings at the top end of the scale. Size is no problem as our UB/Gal web truss design can span up to 60m.

Farm Shed
48m x 15m x 5m
Trentham

End to End Solution

We fully project manage your shed build. From the initial planning stage and assisting with permits, right through to installing and pouring the slab, you can be assured that the project will run smoothly. Our teams of expert tradesmen ensure your job is fully coordinated and finished on time.

Cladding and Fixture Options

We have the full range of colorbond cladding and options to choose from, as well as the flexibility to include the fixtures you need. We can include roller/sliding doors, windows, mezzanine floors, internal partitions, natural light, insulation, ventilators and much more.

Satisfaction is Guaranteed

Central Vic Sheds offers a 100% satisfaction guarantee on all our sheds. This means we don't leave until you are completely happy with your finished shed. If you aren't happy, then we aren't happy!

Shearing Shed
18m x 9m x 4.2m
Heathcote

“Engaging Central Vic Sheds to build our new machinery shed was an easy decision. From initial planning right through to construction the whole process was streamlined and easy. Well recommended.”

Arnold Diss
Grazier, Langley

“I recently purchased a shed from Central Vic Sheds at Kyneton which I had built as a shearing shed. I found their assistance in design and product knowledge excellent, and the construction was completed to an extremely high level of skill and expertise. I would have no hesitation in recommending both the company and the shed product to anyone.”

A Strong Business is Built on Solid Foundations

Central Vic Sheds is built on a solid foundation of quality and service

With over 40 years experience in the industry, Central Vic Sheds is a family business that has built a reputation for constructing solid steel buildings and providing dependable service.

There is no substitute for quality and service, and our steady growth over the last 30 years is a testament to the lengths we go to in designing and installing steel buildings of unrivalled quality.

The Difference is Quality and Service

Registered Builders - Complete Service

As registered building practitioners we provide a complete end-to-end service. From planning, design and building permits, to supply and install, including concrete slabs and co-ordination of tradespersons.

100% Happy - Guaranteed

We are not happy unless you are happy, which is why we offer a 100% satisfaction guarantee. This means our job isn't done until you're totally happy with your new building. It's as simple as that!

Built Tough - Full 12-Month Workmanship Warranty

Central Vic Sheds are fully engineered, designed and installed to withstand the harsh Australian climate. Our 12-month workmanship guarantee means you are fully covered if anything does go wrong.
