Custom Buildings for Industry

Central Vic Sheds supplies and installs fully engineered custom buildings for industrial applications. We are not your average shed builders, with over 40 years experience in industrial building.

No matter what your industry or specialised requirements, we will design, project manage and erect your industrial building to exact specifications, with all the fittings and fixtures you need.

End-to-end project management and free consultation is just part of the service at Central Vic Sheds.

Warehouse
48m x 18m x 7.5m
Victoria

Factory
25m x 25m x 5m
Kyneton

Complete Planning and Design

We take the hassle out of developing your industrial building. We handle permit assistance, terrain classifications and many other technical issues in designing you a fully-engineered plan.

Heavy Duty Frame with Stronger Connections

We use only heavy structural-grade Australian steel, and our fabrication carries a huge 5-year structural guarantee. With two frame types to choose from including UB/Gal web truss and RHS, we top all of this off with more bolts per connection to finish your building frame to solid Terrain CAT ratings at the top end of the scale. Size is no problem as our UB/Gal web truss design can span up to 60m.

Industrial Building
30m x 24m x 7m
Swan Hill

End to End Solution

We fully project manage your build. From the initial planning stage and assisting with permits, right through to installing and pouring the slab, you can be assured that the project will run smoothly. Our teams of expert tradesmen ensure your job is fully coordinated and finished on time.

Cladding and Fixture Options

We have the full range of colorbond cladding and options to choose from, as well as the flexibility to include the fixtures you need. We can include roller/sliding doors, windows, mezzanine floors, internal partitions, natural light, insulation, ventilators, crane rails, canopies, precast walls and much more.

Satisfaction is Guaranteed

Central Vic Sheds offers a 100% satisfaction guarantee on all our industrial buildings. This means we don't leave until you are completely happy with your finished shed. If you aren't happy, then we aren't happy!

Mechanic's Workshop
30m x 18m x 6.5m
Metcalfe

“A big thanks to the team at Central Vic Sheds for constructing my new factory at BGE Joinery. I found the construction A1, the workmanship, service and communication was excellent. I would be only too pleased to recommend your team at Central Vic Sheds.”

Brad Else
Joiner, Kyneton

“Over the past few years I have bought two sheds from Central Vic Sheds. Both of these sheds were designed and built to my own specifications. The team worked with me in a very helpful and productive manner from initial concept discussions through to final design, approval and completion. Their advice, workmanship and attention to detail are of the very best standard.”

Capt. CV Ferroff
Aircraft Pilot, Metcalfe

A Strong Business is Built on Solid Foundations

Central Vic Sheds is built on a solid foundation of quality and service

With over 40 years experience in the industry, Central Vic Sheds is a family business that has built a reputation for constructing solid steel buildings and providing dependable service.

There is no substitute for quality and service, and our steady growth over the last 30 years is a testament to the lengths we go to in designing and installing steel buildings of unrivalled quality.

The Difference is Quality and Service

Registered Builders - Complete Service

As registered building practitioners we provide a complete end-to-end service. From planning and design to supply and install, including concrete slabs and co-ordination of tradespersons.

100% Happy - Guaranteed

We are not happy unless you are happy, which is why we offer a 100% satisfaction guarantee. This means our job isn't done until you're totally happy with your new building. It's as simple as that!

Built Tough - Full 12-Month Workmanship Warranty

Buildings by Central Vic Sheds are fully engineered, designed and installed to withstand the harsh Australian climate. Our 12-month workmanship guarantee means you are fully covered if anything does go wrong.
